foundation

## Thanks to you, Pavillon Caramel will soon be a reality!

With your help, The Children's Foundation will soon open a facility on the corner of St. Catherine Street and Claremont, to house parents of sick children facing long stays at The Montreal Children's Hospital. It will be located adjacent to the Foundation's new offices.

**Pavillon Caramel** will offer all the comforts of home, just steps away from The Children's. Amenities will include six private rooms with bathrooms, a common kitchen and family area and an outside terrace. Hundreds of families will be served each year, from as far away as Nunavik.

### Project Overview

The overall budget for this project is \$3.9 million, to cover construction and 10 years of operations. Thanks to your generous contribution and the support of other likeminded donors, funding for Pavillon Caramel is almost complete.

The Foundation's project manager and finance team are working closely with the builder and designer to ensure that the facilities are delivered on time and on budget. While construction progresses, plans are underway to hire personnel who will staff Pavillon Caramel on a 24-hour basis.

### Ongoing and upcoming project milestones:

- ❖ Interior design construction
- ❖ Development of operational processes
- ❖ Staffing for 24-hour operation: summer 2023
- ❖ Installation of donor wall and plaques: summer 2023
- ❖ Press conference and grand opening: September 2023

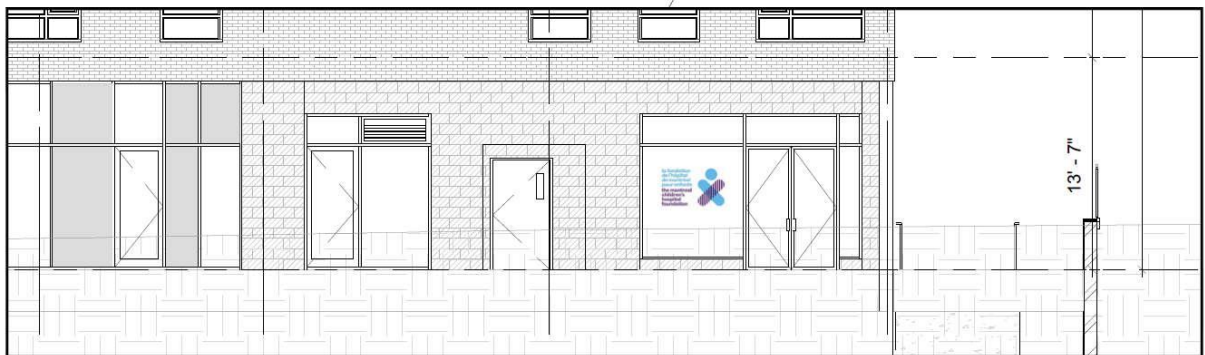

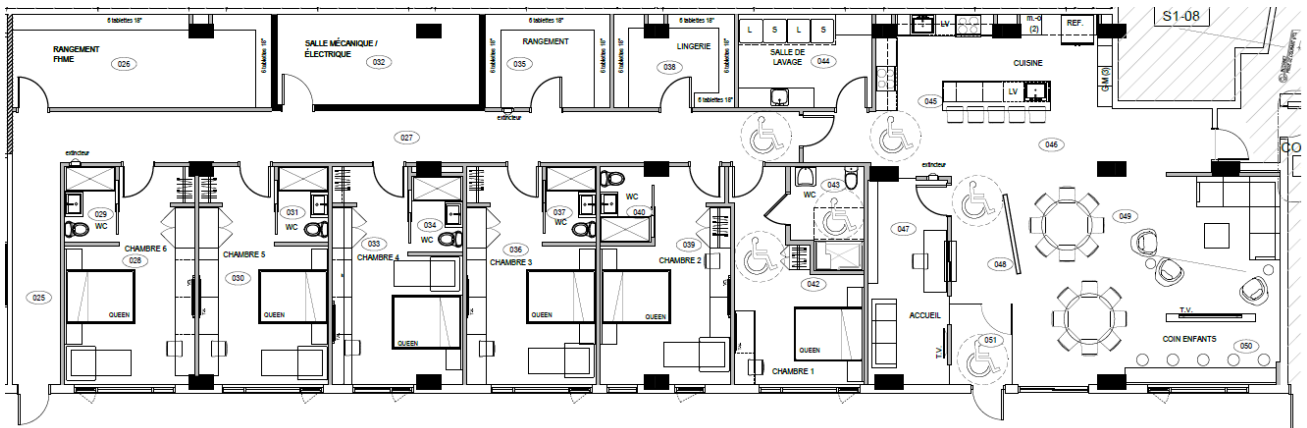

## Construction Update

- Building construction is in progress (see photos on following page)
- Marking and division of spaces finalized
- Starting to build the walls

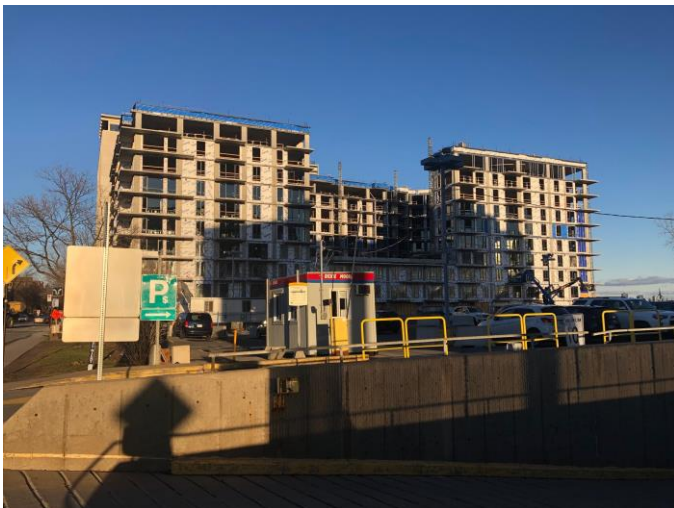

### Analysis and planning are complete for the following spaces:

- reception area
- six private rooms for parents / families
- shared kitchen and dining area
- living room
- play area
- laundry and linen rooms
- storage
